Good point, looks like you're losing a good one!

No worries, John. We'll have more opportunities, although without Rebecca.

Thanks Drew. I will try to make the PFAS presentation tomorrow, but this resubmission might usurp my time.

Cover art sounds good, John.

Importance: High

Hi Haile,

For our Science resubmission, we need to submit manuscript figures as separate PDF, TIFF or EPS files. Unless it is a problem for you, I prefer PDF. Would you please send me your CIPFECA map that I copy below as a stand-alone in PDF format? (The editor told me to move the {{C9+C11}}-(C10+C12)} to the Supplementary Material, so we don't need this in stand-alone PDF.)

Also, I have a second ambitious request of you. So far as I can tell, Science does not ask for potential cover art, but if not too hard for you, how about if we try a cover-art submission? If you are up for it, how about trying this for cover art (I am open to other ideas!):

Ex. 5 Deliberative Process (DP)

What do you think? Can you try my second request without too much trouble??? And please send the map as soon as you have it in a stand-alone PDF.

Thanks,
John
